

Aditya Lawankar

Adaptable, detail-oriented, and committed to delivering high-quality work. Excited to contribute to a dynamic team and gain further experience in the tech industry.

EXPERIENCE

HPE CTY - Mentorship Program

JANUARY 2023 - NOW

Working in a team guided by mentors from HP Enterprise to implement an application that does data visualization and analysis using Tableau that is connected to Presto which queries the data stored in MINIO. The entire application is deployed on Kubernetes.

ADITSHA Pvt Ltd, Bangalore - Web Developer Intern

APRIL 2022 - JUNE 2022

Did a major revamp for the company's main website using HTML, CSS and JavaScript for simplicity and ease of maintenance. Pages include the main landing page, services offered page, showcase work page and a contact us form that sends the details to an email id directly without needing a database.

EDUCATION

PES University, Bangalore — CSE, Btech

2020 - PRESENT

CGPA until now: 8.59

Delhi Public School, Bangalore — 12th, PCME

2018 - 2020

Scored 91% in 12th boards.

Scored 92% in 10th boards.

PROJECTS

Scan Mart — ML, Web Dev

A web app where users can click a picture of a fruit or vegetable and upload it here where a model will predict which fruit or vegetable it is and adds it to the shopping cart. It is aimed at senior citizens who are not comfortable using current grocery shopping apps.

SKILLS

MERN

SQL

Python, C++

Github, Docker

Kubernetes, AWS

AWARDS

Won 2nd place globally in the IBMz datathon.

Rewarded Scholarship for being in the top 20% in 1st and 2nd semester.
